EXCON

*Re. exclusion of
rubber for dental use*

460.509/4-12

Reference is made to the Embassy's Despatch No. 2731 dated April 16, 1952.

The Department has no objection to the revision of Item 1802 to exclude dental rubber since its inclusion was not intended. It is suggested that the language should be "excluding dental rubber" instead of "rubber for dental use" since the latter might be any rubber before it is finally compounded, and the United States suggested language limits exclusion to that rubber compound used for dental purposes only.
